

SCHOOL: BACK AND FORTH COMMUNICATION LOG

A simple to use chart for easy
to communication between
home and school

This chart is designed to provide an easy way for teachers to let you know how your kiddos day was. It is broken down into four parts of the day including recess.

The first box (with the house) is for you to let the teacher know how the morning went. It is also way to alert the teacher to the potential need for more sensory input through out the day.
